

# FLEXIBLE PLASTIC ARTICLE HOSES

\* **MINI system**  
(internal diameter 6 mm)

\* **MAXI system**  
(internal diameter 12 mm)

\* **Flushing system on magnetic base**  
(internal diameter 6 mm)

*We can connect flexible hoses to your requirements on our connecting equipment.*

**Flexible plastic article hoses:**

**MINI system  
 (internal diameter 6 mm)**

Item No.	Description
 103	<p><b>Joint article d=6mm</b></p> <p>For example:                      28 pcs of connected articles = 40 cm</p>
 107	<p><b>Throat with thread G3/8"</b></p>
 102	<p><b>Throat with thread G1/4"</b></p>
 101	<p><b>Throat with thread M10x1</b></p>
 104	<p><b>Ending cylindrical d=3mm</b></p>
 105	<p><b>Ending cylindrical d=6mm</b></p>
 106	<p><b>Ending flat 25x1,5mm</b></p>

*We can connect flexible hoses to your requirements on our connecting equipment.*

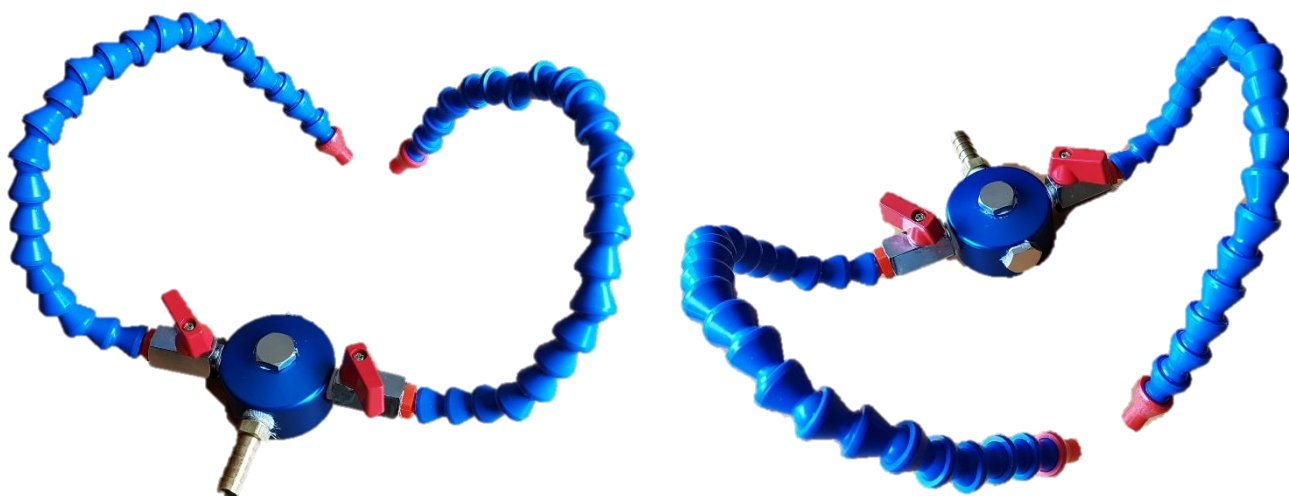

**Flexible plastic article hoses:**

**MAXI system  
 (internal diameter 12 mm)**

Item No.	Description
112	<b>Joint article d=12mm</b>  For example: 20 pcs of connected articles = 40 cm
111	<b>Throat with thread G1/2"</b>
119	<b>Reduction G1/2" ins. x G3/8" out.</b>
113	<b>Ending cylindrical d=9mm</b>
114	<b>Ending cylindrical d=12mm</b>
115	<b>Ending flat 30x3mm</b>
116	<b>Ending flat 60x3mm</b>
117	<b>Reduction bifurcate article from d12mm to 2x d6mm</b>
118	<b>Bifurcate article from d12mm to 2 x d12mm</b>

## FLUSHING SYSTEMS ON MAGNETIC BASE

Item No.	Description
MBFS/2H	Flushing system on magnetic base with 2 flexible article hoses (2x40cm), with 2 valves and 2 cylindrical endings d6mm
MBFS/3H	Flushing system on magnetic base with 3 flexible article hoses (3x40cm), with 3 valves and 3 cylindrical endings d6mm
MBFS/4H	Flushing system on magnetic base with 4 flexible article hoses (4x40cm), with 4 valves and 4 cylindrical endings d6mm
MBFS	Magnetic base D53mm, with 1 input hose connector D10mm, with 4 outputs G1/4" and 3 plugs
BVG1/4"IN+OUT (MBFS)	Ball valve G1/4" mini, inner + outer thread (for MBFS)
